

New Zealand Election Study 2014

CONFIDENTIAL

HOW TO FILL OUT THIS QUESTIONNAIRE

To answer most of the questions you need only put a tick in the box next to the response you choose. Sometimes you are asked to write your own brief response in a text box. In most cases, there are no right or wrong answers.

In particular, there is nothing wrong in saying that you don't know or don't have an opinion! If you object to any question, you can simply move on to the next one.

Here is an example:

Do you think the government should spend more, the same as now, or less on defence?

More	Same as now	Less
<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>
(1)	(2)	(3)

If you personally think the government should spend the same as now on defence, you TICK the box as shown.

Sometimes your response to one question will mean you can skip the next question or several questions that do not apply to people who responded that way. In these cases, instructions and arrows should indicate what's needed.

When you have finished the questionnaire, please place it in the reply-paid envelope provided and post it back to us. No stamp is required.

We hope you enjoy the questionnaire. Thank you very much for taking part in this study.

With MMP, we have two kinds of MPs: those who are elected from local electorates or constituencies, and those who are elected from lists supplied by political parties. **Here are some questions about your local electorate MP.**

E11. Before the 2014 General Election, did you know the name of the electorate MP for your electorate since 2011, and their party affiliation when elected in 2011? Please write in their name and party if you recall them; otherwise tick the “don’t recall” boxes.

Name _____ Don’t recall name (9)

Party _____ Don’t recall party (9)

E12. Before the 2014 General Election, did you have personal knowledge about any LIST MP, and their party affiliation when elected in 2011? If you had personal knowledge about more than one LIST MP, please write in the one you had the most knowledge of, or contact with, if any.

Name _____ Don’t recall name (9)

Party _____ Don’t recall party (9)

E13. Normally, a political party needs to win 5% or more of the party vote to win list seats. But parties winning an electorate while getting less than 5% of the party vote can be allocated list seats, depending on their percentage of the party vote. This is sometimes described as ‘coat-tailing’.

Think of a party that wins one electorate and gets, say, 3% of the party vote. Should we change the electoral system so that this party will get no list seats?

Yes	No	Don't know
