

ANES 2012 PRE-ELECTION QUESTIONNAIRE

01/14/2013

INCLUDED IN BOTH FTF AND INTERNET MODES:

- Items not labeled for mode were administered in both the face-to-face and internet instruments
- Items labeled **CASI** (*not "CASI ONLY"*) were administered using CASI for some items of the FTF instrument and were also present in the internet version

INCLUDED FTF ONLY OR INTERNET ONLY:

- "FTF ONLY" - administered face-to-face by an interviewer using CAPI but not included in the internet instrument;
- "CASI ONLY" - administered using Computer-Assisted Self Interviewing for the face-to-face interview but not included in the internet instrument;
- "WEB ONLY" - included in the internet instrument but not in the face-to-face interview.

Question text:

1. **bold** words or phrases are to be emphasized [FTF].
2. () parentheses indicate a word or phrase that is optional, that is, included at the discretion of the IWR [FTF].
3. [preload:] indicates programmed insertion of preload text or value into question text.
4. [/] indicates wording alternatives separated by '/' within the square brackets.
5. { } brackets are used for interviewer instructions which appear onscreen after spacing following the question text [FTF].
6. Variable names prepg_a through prepg_z are reserved for references to unique pages in Respondent Booklet; multiple questions may refer to the same page number. Page number values will be assigned to prepg variable when content is final.

Response options:

1. [preload:] indicates insertion of preload text or value into response option label.
2. {VOL} indicates a response option not indicated in the question text but acceptable as a coded value when given as a response [FTF].
3. {SPECIFY} usually appears with the 'Other' category and indicates that after entering the code value a text box should appear for entry of specific verbatim response [FTF].
4. Dates, time durations, and monetary unit numeric entries are to be confirmed [FTF]
5. DK and RF are assumed default missing data categories unless indicated otherwise. Any indicated "nondefault" nonresponse categories are additional to default DK and RF unless indicated otherwise.

section: **GEND**

"FTF ONLY: INTERVIEWER: Is R male or female (Observation)"

(GEND_GENDOBS)

.....
 IS THE RESPONDENT MALE OR FEMALE?
 IF UNSURE, CODE DK.

1. Male
2. Female

response type: Single Punch
 response order: Order as listed
 RF not allowed

.....
 [STUDY NAME REDACTED]

For this study, we would like you to complete a series of four surveys over the next two to three months. In appreciation of your participation, we can give you \$10 for completing each survey. Each one should take about 30 minutes. In addition, because we really need you to complete all four surveys, if you complete all four then we will give you another \$25 at the end of the study. If you do all four surveys, that's a total of \$65.

The [study name redacted] is sponsored by Stanford University and the University of Michigan. If you have any questions or comments about the survey, you may contact [NAME REDACTED] at [PHONE REDACTED], or by email at [E-MAIL REDACTED].

If you are not satisfied with how this study is being conducted, or if you have any concerns, complaints, or general questions about the research or your rights as a participant, please contact [REDACTED] to speak to someone independent of the research team toll free at [PHONE REDACTED]. You can also write to [REDACTED].

section: **THERMPRE**

"INTRO PRE-ELECTION POLITICAL FIGURE THERMOMETERS"

(THERMPRE_THINTRO)

.....
 Please look at page [preload: prepg_c] of the booklet.
 I'd like to get your feelings toward some of our political
 leaders and other people who are in the news these days. I'll
 read the name of a person and I'd like you to rate that person
 using something we call the feeling thermometer.
 Ratings between 50 degrees and 100 degrees mean that you feel
 favorable and warm toward the person. Ratings between 0 degrees
 and 50 degrees mean that you don't feel favorable toward the
 person and that you don't care too much for that person. You
 would rate the person at the 50 degree mark if you don't feel
 particularly warm or cold toward the person.
 If we come to a person whose name you don't recognize, you don't
 need to rate that person. Just tell me and we'll move on to the
 next one.

response type: Display only

WEB LOGIC:
 Online, in this section, do not use the standard nonresponse prompt;

just move on to the next question. Also, use the following question text:

"Please look at the graphic below.

We would like to get your feelings toward some of our political leaders and other people who are in the news these days. We will show the name of a person and we'd like you to rate that person using something we call the feeling thermometer.

Ratings between 50 degrees and 100 degrees mean that you feel favorable and warm toward the person. Ratings between 0 degrees and 50 degrees mean that you don't feel favorable toward the person and that you don't care too much for that person. You would rate the person at the 50 degree mark if you don't feel particularly warm or cold toward the person.

If we come to a person whose name you don't recognize, you don't need to rate that person. Just click "Next" and we'll move on to the next one."

Also, display the feeling thermometer graphic onscreen on this intro screen and with each item in this section.

"WEB ONLY: Introduction to pre-election survey 2 online"

(WEB2INTRO_INTRO2)

.....
 [study name redacted] , Survey 2

For this study, we would like you to complete a series of four surveys over the next two to three months. In appreciation of your participation, we can give you \$10 for completing each survey. Each one should take about 30 minutes. In addition, because we really need you to complete all four surveys, if you complete all four then we will give you another \$25 at the end of the study. If you do all four surveys, that's a total of \$65.

The [study name redacted] is sponsored by Stanford University and the University of Michigan. If you have any questions or comments about the survey, you may contact [NAME REDACTED] at [PHONE REDACTED], or by email at [E-MAIL REDACTED].

If you are not satisfied with how this study is being conducted, or if you have any concerns, complaints, or general questions about the research or your rights as a participant, please contact [REDACTED] to speak to someone independent of the research team toll free at [PHONE REDACTED]. You can also write to [REDACTED].

section: **ENVJOB**

"INTRO: ENVIRONMENT-JOBS TRADEOFF"

(ENVJOB_ENVJOBINT)

.....

Please look at page [preload: prepg_t] of the booklet.
 Some people think the federal government needs to regulate business to protect the environment. They think that efforts to protect the environment will also create jobs. Let us say this is point 1 on a 1-7 scale.
 Others think that the federal government should not regulate business to protect the environment. They think this regulation will not do much to help the environment and will cost us jobs. Let us say this is point 7 on a 1-7 scale.
 And of course, some other people have opinions somewhere in between, at points 2,3,4,5, or 6.

.....

section: WORDSUM

"CASI INTRO WORDSUM module" (WORDSUM_WSINTRO)

.....

We would like to know something about how people go about guessing words they do not know. We will list some words—you may know some of them, and you may not know quite a few of them.

On each screen, the first word is in capital letters—like **beast**.

Then there are five other words:

BEAST	afraid	words	large	animal	separate
--------------	--------	-------	-------	--------	----------

Select the word that comes closest to the meaning of the word in capital letters.
For example, if the word in capital letters is BEAST, you would select 'animal,' since that word comes closer to BEAST than any of the other words.

These words are difficult for almost everyone—just give your best guess if you are not sure of the answer.

SELECT ONE ANSWER FOR EACH QUESTION.

Please do **not** ask anyone for help or look up information to help you answer these questions – we want to learn how people answer on their own.

Thank you very much.
