- 99. missing (2003)

**Details:** This question is asked of respondents who indicate that they feel close to a particular party in A3004, as well as of those respondents who initially indicate they do not feel close to a party in A3004, but who later identify a party they feel closer to in A3011. The latter set of respondents were not asked this item.  
 The Dutch case uses a different scale. CSES question in wording: Do you feel very close to this party, somewhat close, or not very close?

The values of this variable have been assigned in the following way:

- 00. if Q18C = 5
- 01. if Q18C = 8
- 02. if Q18C = 1 and Q18D ≤ 13
- 03. if Q18A1 = 98, Q18C = 1 and Q18D ≤ 13
- 04. if Q18 = 1, V0108 (dutchstudy) = 3 and Q18A1 ≤ 13
- 05. if Q18 = 1, V0108 = 4 and Q18A1 ≤ 13
- 06. if Q18 = 1, V0108 = 2 and Q18A1 ≤ 13
- 07. if Q18 = 1, V0108 = 1 and Q18A1 ≤ 13
- 08. Q18 = 1 and Q18A1 = 98
- 09. Q18C = 1 and Q18A1 = 98
- 10. if Q18 = 3 or 4

V0108 Respondent is (not) convinced adherent

“Would you call yourself a very convinced adherent to this party, a convinced adherent or do you consider yourself not to be a convinced adherent?”

1. very convinced adherent	108	5.7	14.4
2. convinced adherent	478	25.1	63.7
3. not a convinced adherent	164	8.6	21.9

**Question number:** 44  
**Name variable:** Q19A  
**Variable label:** Like-Dislike – party CDA  
**Question:** There are many political parties in our country. I would like to know from you again how sympathetic you find these parties. You can give each party a score between 0 and 100. The more sympathetic you find

a party, the higher score you give, a score of 50 means that you find a party neither sympathetic, nor unsympathetic. If you don't know a party, please feel free to say so.

**Details:** The question asked in the Dutch study differs from the question in CSES. CSES distinguishes the categories 'incomplete primary', 'primary completed', 'incomplete secondary', 'secondary completed', 'post-secondary-trade/ vocational school', 'university incomplete', and 'university degree completed'. Analysts should be aware that the variables may not be comparable, because the Dutch study asks for highest education finished, not highest education ever followed.

**Question number:** 76  
**Name variable:** D4  
**Variable label:** Marital status  
**Question:** -  
**Type:** Num1.0

**Values & value labels:** 1. married or living together as married

3. divorced or seperated (married but seperated/ not living with legal spouse)  
4. single, never married  
8. volunteered: Don't Know  
9. volunteered: Refused (No Answer)

**Details:** Analysts should be aware that the original Dutch answer categories were different from the CSES. In the Dutch study the following answer categories were given:

1. not married
2. married
3. been married
4. widow(er)

Most important distinction is that the Dutch case didn't include the option living together as married. Due to this, analysts should be aware that this variale may not be comparable.

**Details:**

These answers have been constructed out of 3 questions coming from the Dutch Parliamentary Election Study. These question are:

- ~ 'Could you indicate what your partners daily activities are or which situation applies to your partner?' 1) I am currently employed, 2) I was employed but not anymore, and 3) I have never been employed.
- ~ How many hours does your partner work on average per week, not counting unpaid hours?
- ~ Your partner was employed, but are no longer. Is that because of permanent disability or is your partner unfit to work, unemployed or being job-seeking, retirement, living off investments, housekeeping, care for children or is there another reason?

In the Dutch case the reason why respondent never worked isn't been asked. These are all put in categorie 10, 'others, not in labor force'.
