B.	Traditional (traditional dwelling / hut / structure made of traditional material)		
C.	Informal (shack / squatter settlement)		
D.	Other (caravan, private ship and workers' hostel)		

Household Selection Procedure

Interviewer: It is your job to select a random (this means any) household. A household is a group of people who presently eat together from the same pot.

Start your walk pattern from the start point that has been randomly chosen by your Field Supervisor. Team members must walk in opposite directions to each other. If A walks towards the sun, B must walk away from the sun; C and D must walk at right angles to A and B.

Use a 10 household interval pattern to select a household. That is, walking in your designated direction away from the start point, select the 10th household for the first interview, counting houses on both the right and the left (and starting with those on the right if they are opposite each other). Once you leave your first interview, continue on in the same direction, this time selecting the 10th household, again counting houses on both the right and the left. If the settlement comes to an end and there are no more houses, turn at right angles to the right and keep walking, continuing to count until the tenth dwelling.

Interviewer: If a call is unsuccessful, use the table below to record your progress until you make a successful call. Circle a code number for unsuccessful calls only.

Reasons for Unsuccessful Calls	Household 1	Household 2	Household 3	Household 4	Household 5	Household 6	Household 7

Other (specify) _____	7	7	7	7	7	7	7
Not Applicable	997	997	997	997	997	997	997

If no-one is at home (i.e. premises empty), substitute with the very next household. If the interview is refused, use an interval of 10 to select a substitute household, counting houses on both the right and the left.

When you find a household with someone home, please introduce yourself using the following script. You must learn this introduction so that you can say it exactly as it is written below.

Good day. My name is _____. I am from Citizens Surveys, an independent research organization. I do not represent the government or any political party. We are doing this research for the Comparative National Election Project, a network of researchers who study elections in over twenty countries across the world. The South African survey is being conducted by researchers at the University of Cape Town.

We are studying the views of South Africans in order to learn more about the connection between citizens, political parties and election campaigns around the world.

We would like to discuss these issues with a member of your household in an interview. Every person in the country has an equal chance of being included in this study. All information will be kept confidential. Your household has been chosen by chance. We would like to choose an adult from your household.

The interview will take about 60 minutes. There is no penalty for refusing to take part. And if they do choose to take part, they may stop at any time, or skip any question they do not wish to answer without penalty. Would you help us pick one?

Note: The person must give his or her informed consent by answering positively. If participation is refused, walk away from the household and record this in the above table on "Reasons for Unsuccessful Calls." Substitute the household using an interval of 10 households. If consent is secured, proceed to Respondent Selection.

Respondent Selection Procedure

Interviewer: **Within** the household, it is your job to select a random (this means any) individual. This individual becomes the interview Respondent. In addition, you are responsible for alternating interviews between men and women. Circle the correct code number below.

Please remember, there is no penalty for not participating, and your answer will be kept confidential.

If this interview must be with a female, list only women's names. If this interview is with a male, list only men's names. List all eligible household members of this gender who are 18 years or older, even those not presently at home but who will return to the house at any time that day. Include only citizens of South Africa.

Take out your deck of numbered cards. Present them face-down so that the numbers cannot be seen. Ask the person who is selecting respondents to pick any card, by saying:

Please choose a card. The person who corresponds to the number chosen will be the person interviewed.

[Interviewer: **REMEMBER to circle the code number of the person selected on the table above**]

The person I need to speak to is [insert name] _____. Is this person presently at home?	
If yes:	May I please interview this person now?
If no:	Will this person return here at any time today?
If no:	Thank you very much. I will select another household. Substitute with the next household to the right and repeat the respondent selection procedure. (NOTE: YOU CAN ONLY SUBSTITUTE HOUSEHOLDS NOT INDIVIDUALS.)
If yes:	Please tell this person that I will return for an interview at [insert convenient time]. If this respondent is not present when you call back, replace this household with the next household to the right.

If the selected respondent is not the same person that you first met, repeat Introduction

Good day. My name is _____. I am from Citizens Surveys, an independent research organization. I do not represent the government or any political party. We would like to discuss these issues with a member of your household in an interview. You have been chosen from this household. Your answers will be confidential. They will be put together with 1,200 other people we are talking to, to get an overall picture. It will be impossible to pick you out from what you say, so please feel free to tell us what you think. This interview will take about 45 minutes.

I am only allowed to conduct this interview with citizens of South Africa. Are you a citizen of South Africa, with an ID Book, or birth certificate issued by the Department of Home Affairs? Please remember, there is no penalty for not participating, and your answers will be kept confidential. If you choose to take part you may stop at any time, or skip any question that you do not wish to answer without any penalty. Do you wish to proceed? *[Proceed with interview only if answer is positive].*

If participation is refused, walk away from the household and record this in the above table on "Reasons for Unsuccessful Calls." Substitute the household using an interval of 10 households.
