Questions about the Possibilities of Electoral Alliance

Definitions: A joint list refers to one on which candidates of different parties run together. Apparentement refers to a legal agreement between two or more lists to pool their votes for the purposes of an initial seat allocation, with seats initially allocated to the alliance then reallocated to the lists in the alliance.

Is this type of electoral coalition legally allowable?

Yes

No

Is this type of electoral coalition used in practice, even if not legally allowable?

If “Yes” was answered to either of the above questions, then please complete the following table for the election at which the Module was administered. Please mention only alliances that received at least 1% of the vote nationally. Add additional lines to the table as necessary.

Alliance Name

Participating Parties

(please indicate dominant members with an “*”)

Alliance 1:

Data on Electoral Institutions

If possible, please supplement this section with copies of the electoral law, voters' handbooks, electoral commission reports, and/or any other relevant materials.

<http://www.gesetze-im-internet.de/bwahlg/>

Questions 15a through 21d must be repeated for each electoral tier (segment) of each directly elected house of the legislature.

Electoral Tier (Segment) and House

15a. In your answers for questions 15a through 21d, which electoral tier (segment) is being referred to? (Note: Countries with only one tier may skip this question.)

15b. In your answers for questions 15a through 21d, which house is being referred to (lower or upper)? (Note: Countries with only one tier may skip this question.)

Lower House (Bundestag)

Questions about Voting

16a. How many votes do voters cast or can cast? In systems where voters rank order the candidates, if there are 10 candidates (for example), the response to this question should be 10.

2 (one for each tier)

16b. Do they vote for candidates (not party lists) or party lists? (Note: Collaborators may select multiple answers, if appropriate.)

(Definition: Party bloc voting is used in multi-member districts where voters cast a single party-centered vote for their party of choice; the party with the most votes wins all of the district seats.)

- Candidates (first tier)
- Party Lists (second tier)
- Party Bloc Voting
- Other; please explain: _____

16c. How many rounds of voting are there?

1

16d. If there are lists, are they closed, open, flexible, or is there party bloc voting?

- Closed (order of candidates elected is determined by the party and voters are unable to express preference for a particular candidate)
- Open (voters can indicate their preferred party and their favored candidate within that

party)

- Flexible (voters can allocate votes to candidates either within a single party list or across different party lists as they see fit)

17. Are the votes transferable?

(Definition: In systems with preferential voting, a voter can express a list of preferences. E.g., votes can be cast by putting a '1' in the column next to the voter's preferred candidate, a '2' beside their second favorite candidate and so on. Votes are counted according to the first preferences and any candidates who have achieved the predetermined quota are elected. To decide which of the remaining candidates are elected the votes are *transferred* from candidates who have more than the necessary number to achieve the quota and from the candidate with the least number of votes. An example of this is the election in Ireland in 2002.)

Yes

No

18. If more than one vote can be cast, can they be cumulated?

(Definition: Cumulative voting refers to systems in which voters are allowed to cast more than one vote for a single candidate.)

Yes

No

(Definition: Voting is compulsory if the law states that all those who have the right to vote are obliged to exercise that right.)

Yes; Strictly Enforced Sanctions

Yes; Weakly Enforced Sanctions

Yes; Without Sanction for Violation

No

20. Please list and describe any other features of voting that should be noted.

Questions about Converting Votes into Seats

21a. Are there legally mandated thresholds that a party must exceed before it is eligible to receive seats?

Yes

No

21b. If YES in Question 21a, what is the threshold?

To receive seats parties need to gain at least 5% of valid party list votes nationally *or* three seats through directly elected candidates.

21c. If YES in Question 21a, what is the unit for the threshold mentioned in Question 21b?

Percent of total votes

Percent of valid votes

Percent of the total electorate

Other; please explain: _____

21d. If YES in Question 21a, please specify to what House/ Electoral Tier (Segment) the threshold(s) apply.

Constituency candidates with a relative majority (first vote) in one of the 299 constituencies win a seat. Parties with more than 5% of the valid party votes (second vote) nationally or who have won at least three of the 299 constituency seats receive a seat share of the 598 regular seat total based on their national vote share.

Please repeat questions 15a through 21d for each electoral tier (segment) of each directly elected house of the legislature. Countries with only one tier should proceed to Question 22.
